Management Discussion & Analysis of Financial Conditions, Results of Operations and State of Company Affairs

General Performance and Outlook

The overall macro environment for India has been much better than many or most of the developed and the developing economies. There have been continued setbacks like continuation of regional conflicts with some parts of the world, and its consequent impacts on the respective currencies, interest rates, access to those markets and commodity prices which may have created some negative influences. However, for the medium to long term, as it seems today, the inherent strength of India economy coupled with the incentivization and promotion of industry by the Government has been a solid positive and the driver of the Indian economy and we expect the approach and the trend to continue. Your company has some impact for the reasons stated above, however, the management is confident that over the long and medium term the situation

The published economic survey of 2025 indicates the country GDP to grow approximately 6.5%. It is interesting to note that overall exports has grown 6%, capex has grown @ 8.2% and expected to pick up pace with the elections out of the way. The capacity addition in solar and wind increased around 15.8% for year on year for December, 2024 indicates the Government intention to go green. The continued set up of Infrastructure Investments being focused will result in higher economic growth. The economic survey further advocates deregulation to accelerate and sustain higher economic growth. These very factors indicate an optimism of growth for our industry as well.

Coupled with the fact that the direction of the Government as stated is to ensure upliftment of the poor, women, youth and farmer with a focus on development that is all-round, all-pervasive and all-inclusive. With such a self adopted mandate the future looks promising and rewarding.

Performance and outlook

During the year under consideration, your Company has seen many actions of consolidation as this was the first year of full operations as a Precision Tool business entity with its own full-fledged operations and governance set ups and the highlights are discussed hereunder followed by the discussion on results.

This demerged business now allows your Company's Management to focus specifically on the core and growth-oriented businesses, namely Precision Tools. During the year, major actions have been taken in various areas and the key points are being summarized hereunder for the better understanding of all its stakeholders.

Precision Tools business

Precision Tools business achieved a reasonable year-on-year growth, in some new segments that the company ventured into. The overall growth was however not in line with the expectations and hence the numbers were only 2% higher as compared to the previous year. The business has also seen an improving trend in the export business performance. The profitability was however maintained in the respective category and the operating management is confident of taking the right steps to ensure and follow a solid growth trajectory by reinforcing the sales strategy adapted for growth.

Our business remains aligned with emerging opportunities in India's Défense, Railways, and electronic industries through the Make in India initiatives. Channel sales play a pivotal role in our growth strategy, with expansions facilitated by the appointment of channel partners in previously unrepresented territories. We believe this India opportunity is vast and it will be a test of our sales channel ability to extract the best from this markets which will limit the growth. International sales efforts focus on targeted geographies, complemented by product development tailored for markets such as South Americas, GCC, the Far East etc. with focus on large contracts with well recognised Brands operating across the globe.

The overall export market has not been very encouraging and despite volume drops from Russia, Israel and Europe, over the last few years, some of our businesses exhibited decent growth, demonstrating our resilience in the face of market challenges.

Coming specifically to our own businesses, we have attempted to make inroads into new areas in the Tap Segments and have seen success in many application areas. We believed that the success seen in Indian and companies abroad in these area give us the required confidence of our ability to scale up the business substantially. In the Solid Carbide Tools space, we have explored areas of Rock Drilling, Aerospace and Defence and related areas and we were able to demonstrate to the customer our ability to offer specific complex geometries to enable them to meet their requirements. This has been achieved through rigorous technology applications and we are now confident of scaling this further. High Speed Steel Drills are recent introduction to our portfolio and we have received sufficient acceptance on the quality and performance of our Drills portfolio. We are confident, this portfolio will grow substantially over time. Consequent to the above, we have made substantial capacity investments in this segment and we expect high rate of growth in this segment.

Our capital investment strategies yielded substantial returns and reduced our dependencies on third parties supplies, particularly evident in the doubling of our High-Speed Drills portfolio in the last fiscal year. Centre drill manufacturing set up was installed successfully with substantial capacity thereby increasing the product range within the High-Speed Steel Drills portfolio. Further, the acquisition of international accounts in the Far East and Americas contributed significantly to the revenue, while simultaneously enhancing our market share domestically.

The growth trajectory extended to our flagship High Speed Steel Taps business, which expanded across various segments with the addition of new customers in the export market. Strengthening our product development capabilities and operational efficiencies allowed us to offer innovative technological solutions for emerging applications. Investments in new technology, which will become operational in current financial year will further broaden our Carbide Taps portfolio, drawing increased market interest in this segment.

Our commitment to advancing technology and fortifying the supply chain ensures that we meet the evolving quality and supply demands of our customers. Continued investments in new technology, machinery, and software systems facilitate accelerated product development with consistency and precision. We have seen substantial progress on the improvement of the supply and delivery capability of the company.

Efforts to elevate brand visibility and product promotion through domestic and international exhibitions were fruitful, with engagements at IMTS at Chicago, USA, Aerospace and Defense summit in Bangalore, Machine Tool show at Kolhapur showcasing the capability of providing productive solutions. TOTEM is also awarded as a best Metal Cutting brand. These initiatives aimed to keep customers informed about our latest offerings, particularly in high- end threading and long drilling solutions and also exploring the direction and trends of the markets we operate in.

The Precision Tool portfolio made significant strides in penetrating key accounts and developing channel partners to meet future growth requirements. Our cutting tools portfolio garnered widespread acceptance across multiple sectors, including Aerospace,

Defense, Die & Mould, Valve Industries, and Auto component manufacturing. Successful demonstrations of product superiority enabled us to secure long term relationships with focus key accounts. Strong measures in supply chain management and volume-based negotiations further contributed to the improved profitability. We continue to explore and innovate our product portfolio for various product groups, and we continually seek to introduce new products in all possible geographies in and outside India.

In the context of Quality, it is important for your company to have standards of excellence embedded into the organization. As you are all aware, the operations within this entity started w.e.f. March 1, 2024 and as on date we have obtained the following certifications.

Sr No	Standard	Description
1	AS 9100 D	Aerospace Standard (AS) Required for Aviation, Space, and Defence Organizations
2	ISO 9001	International Organization for Standardization (ISO) required for Quality management systems
3	IATF 16949	International Automotive Task force (IATF) required for Automotive Quality Management systems standard and automotive production and relevant service parts organisations
4	ISO 14001	International Organization for Standardization (ISO) required for Environmental management systems guidance for use
5	ISO 45001	International Organization for Standardization (ISO) required for Occupational health and safety management systems with guidance for use

The focus of the management was to ensure that key operations are sustainable and are complying to the basic requirements of process control, meet the standards of Governance (Environment, Health and Safety) expected and protect all stakeholders from unwanted risks. We will continuously monitor the operations and attempt raising our operating standards to meet the best in class as much as possible.

Opportunities & Risks

Our success as an organization depends on our ability to identify opportunities and leverage them while mitigating the risks that arise while conducting our business. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. Some of the opportunities and key risks, anticipated impact on the Company and mitigation strategy is as follows:

Market Development

Your Company monitors external market trends and collates consumer insights to develop category and brand strategies.

The Company actively searches for ways to translate the trends in consumer preference and taste into new technologies for incorporation into future products. We develop product ideas both in-house and with selected partners to enable us to respond to rapidly changing consumer trends with speed.

The Company is dedicated to ensuring that its vendors, suppliers, contractors etc. work in a healthy and safe environment while delivering on the expected standard.

Given our dependency on Automotive sector, one more aspect of risk is the way the development of this industry will evolve due to the Electric initiatives of the sector. The trends of this industry moving to different fuel options will impact the demand of the consumer and we will have to align ourselves and remain abreast of the happenings to be able to have an important share in contributing to this aspect. While this is being mentioned, the country manufacturing expansion has created opportunities for our own company which we are trying to leverage to our advantage.

Political and Global Uncertainty

Political uncertainty or volatile economic uncertainty may adversely affect the reduced demand and could restrict revenue growth opportunities.

The Company has broad based diversified businesses catering to various industry segments and diverse markets and hence may not get affected by such uncertainty.

While the previous couple of years were difficult due to countries engaged in war across continents, the current situation of tariff levies has created uncertainties and needs resolution amongst all trading partners.

Legal and Regulatory

Compliance with laws and regulations is an essential part of your Company's business operations. We are subject to laws and regulations in diverse areas as product safety, product claims, trademarks, copyright, patents, competition, employee health and safety, the environment, Water and Air Pollution, corporate governance, listing and disclosure, employment, and taxes. Frequent changes in legal and regulatory regime and introduction of newer regulations with multiple authorities regulating same areas lead to complexity in compliance. We closely monitor and review our practices to ensure that we remain compliant with relevant laws and legal obligations.

Systems and Information

Your Company's operations are increasingly dependent on IT systems and the management of information. Increasing digital interactions with customers, suppliers and consumers place even greater emphasis on the need for secure and reliable IT systems and infrastructure, and careful management of the information that is in our possession.

The cyber-attack threat of unauthorized access and misuse of sensitive information or disruption to operations continues to increase.

To reduce the impact of external cyber-attacks impacting our business, we have sufficient security measures including firewalls and threat monitoring systems in place, complete with immediate response capabilities to mitigate identified threats. Our employees are trained to understand these requirements.

Energy Management

The Company's factories consume power for the manufacturing and for the purpose of air cooling. The Company identifies it as a critical resource and gives it due attention to optimize its use including using green source like solar power etc. The Company has initiated over the years, installation of solar system within its factory, in small measures. Though this has met only partial demand, attempts have been made to look at the opportunity and enlarge the scope of such coverage.

Internal control systems and their adequacy

The Company has already initiated to install an internal control system, which ensures that all transactions are recorded satisfactorily and reported and that all assets are protected against loss from unauthorized use or otherwise. The internal control systems are supplemented by an internal audit system. The findings of such internal audits will be periodically reviewed by the management and suitable actions taken to address the gaps, if any. The Audit Committee of the Board will meet at regular intervals to address significant issues raised by both the Internal Auditors and the Statutory Auditors. The process of internal control and systems, statutory compliance, information technology, risk analysis and risk management are inter-woven to provide a meaningful support to the management of the business.

M/s Sharp & Tannan Associates, the Statutory Auditors of the Company has audited the financial statements included in this annual report and has issued a report on our internal financial controls over financial reporting as defined in Section 143 of the Act.

Material Development in Human Resources and Industrial Relations

The fiscal year 2024-25 started with promising business results across all the Product Categories. The focus of Human Resources Function was in the areas of Safety, Health & wellbeing of the employees, Talent Acquisition, Performance Management, Capability Development for making future ready organization. New joiners have undergone the induction program for their integration with the culture, values systems of the Company. Performance Management System workshop was conducted for aligning functional Key Result

Areas and Performance Indicators in line with annual business plan. People Capability Development programs were organized to strengthen employee competence and improve productivity. At the same time, due to the market demand and supply dynamics, the attrition was a higher than normal @ 17.24% , some of it at critical positions, due to which, there were some delays in some the planned operations of the company.

While on the subject, the Board specifically thanks its employees, its union and the Management who have worked cordially and peacefully, leveraging the synergies the operations offer. The Company has labour settlement agreement with the employees which is now be valid till the end of 2028.

Investment in Subsidiaries/Joint Ventures

The Company does not have any subsidiaries nor joint ventures for the year in consideration.

Dividend & Transfer to Reserves

The Board of Directors of the Company, at its meeting held on Thursday, April 24, 2025, inter alia, approved the payment of an Interim Dividend of ₹5/- (Rupees Five only) per equity share of face value ₹10/- each for the financial year 2025-26, on the paid-up equity share capital of the Company.

The Interim Dividend will be paid to those shareholders whose names shall appear in the Register of Members as on May 2, 2025, being the record date fixed for this purpose. The total cash outflow on account of the Interim Dividend shall amount to ₹2,579.72 Lakhs.

There is no dividend which was required to be transferred to Investor Education and Protection Fund during the year ended March 31, 2025. The Directors do not propose to transfer any amounts to the general reserves of the Company, instead have recommended to retain the entire of profits for the financial year ended March 31, 2025 in the profit and loss account. No amount has been transferred to the reserves during the year.

Dividend Distribution Policy

Annual Report on Corporate Social Responsibility (CSR) Activities (Pursuant to Section 135 of the Companies Act, 2013)

1. A Brief outline of the Company’s CSR policy.

CSR Policy (‘Policy’) was adopted by the Board of Directors of the Company on March 29, 2024.

The Company is committed to its stakeholders to conduct business in an economically, socially and environmentally sustainable manner that is transparent and ethical.

The Company is committed to inclusive, sustainable development and contributing to building and sustaining economic, social and environmental capital and to pursue CSR projects that are replicable, scalable and sustainable, with a significant multiplier impact on sustainable livelihood creation and environmental replenishment.

The Company’s CSR activities focus on :

- Health.
- Education.
- Environment Preservation.
- Rehabilitation of families affected by natural calamities.
- General improvement in quality of life.

Health shall cover WaSH that is, Water, Sanitation, and Hygiene leading to better Health. Our goal here will be to work towards long-term impact by changing habits, inculcating awareness of safe drinking water, good sanitation and hygiene. Providing necessary infrastructural support, for example, community level drinking water plants, filters, educating and creating awareness on need for safe water and hygiene. To enable sustainability, the local community will be equal participants in such programmes, contributing to actual construction, monitoring, maintaining and reporting on impact and usage. Also, providing affordable world-class health care facilities to the under privileged.

Education shall seek to mainstream children, with special focus on children of underprivileged sections of the society, by providing them with non-formal schooling opportunities which can translate later to formal school admissions. Also, supporting tribal schools in the far-flung hamlets and convert them into ‘model’ educational institutions. Skill based training to young adults will be achieved through livelihoods skills’ programmes.

Environment Preservation includes adopting energy conservation practices, measuring and reducing carbon footprint, involving employees in conservation practices, utilizing environment-friendly materials and rainwater harvesting and water conservation. Setting a goal to ‘green our planet’ consciously by planting trees.

Rehabilitation of families affected by natural calamities includes providing assistance to Government agencies involved in ‘Search and Rescue’ operations in areas of our country that are struck by natural calamities like floods, earthquakes or cyclone and providing psychological or material assistance to help distressed persons of such areas to return to their natural ways of living.

General improvement in quality of life will include development of the urban poor specially those who are impacted by re-development

projects, differently abled youth to make them employment worthy, financial inclusion facilities for the poor workers.

The Company may also undertake other CSR activities as permitted in Schedule VII of the Companies Act, 2013. The Policy is available on the Company’s website at www.forbesprecision.co.in

CSR projects of the Company in the financial year included Health, Education & Environment Preservation.

CORPORATE GOVERNANCE REPORT FOR FY 2024 - 2025

Corporate Governance Policy

The Company believes in the highest standards of good and ethical corporate governance practices. Good governance practices stem from the culture and mindset of the organization. It is therefore not merely about enacting policies, regulations and procedures but also about establishing an environment of trust and confidence among various shareholders.

The Company's philosophy on the Code of Governance is that the Company should follow contemporary corporate practices and the guiding principle of the Code of Governance of the Company is Harmony i.e.:

- (a) Balancing need for transparency with the need to protect the interest of the Company;
- (b) Balancing the need for empowerment at all levels with the need for accountability; and
- (c) Interaction with all stakeholders including shareholders, employees, lenders and regulatory authorities.

Code of Conduct

The Company follows/believes in fair, transparent and ethical governance practices. The Code has been communicated to the Directors and the Members of Senior Management. The Company has also adopted a Code of Conduct for Non-Executive Directors of the Company. All Board Members and Senior Management have confirmed compliance with the Code for the year ended March 31, 2025. The Non-Executive Directors of the Company have also confirmed compliance with the Code of Conduct for the Non-Executive Directors for the year ended March 31, 2025. The Annual Report contains a declaration to this effect signed by the Managing Director.

Code of Practices and Procedures for Fair Disclosure and Conduct

In compliance with the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, the Company has framed a Code for Prevention of Insider Trading & Code of Corporate Disclosure Practices ("Insider Trading Code") based on the principle that Directors, Officers, and Employees of the Company owe a fiduciary duty to the members of the Company to place the interest of the members above their own and conduct their personal securities transactions in a manner that does not create any conflict of interest situation. The Insider Trading Code also seeks to ensure timely and adequate disclosure of Price Sensitive Information to the investors by the Company to enable them to take informed investment decisions with regard to the Company's securities. The Chief Financial Officer of the Company is responsible for implementation of the Code.

ANNUAL REPORT
FOR THE YEAR ENDED
MARCH 31, 2025**

INDEPENDENT AUDITOR'S REPORT

To the members of FORBES PRECISION TOOLS AND MACHINE PARTS LIMITED

Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **FORBES PRECISION TOOLS AND MACHINE PARTS LIMITED** (hereinafter referred to as "the Company"), which comprise the Balance sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year ended March 31, 2025 and Notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter collectively referred to as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (hereinafter referred to as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed Under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (hereinafter referred to as "Ind AS") and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2025, its profit, total comprehensive

income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (hereinafter referred to as "SAs") specified Under Section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor's responsibilities for the audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred to as "ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report;

S. No.	Key Audit Matter (KAM)	Auditor's Response
1	<p>Revenue Recognition:</p> <p>The Company's revenue is derived from the sale of carbide and high-speed steel round cutting tools for the automotive and engineering industry. The Company recognizes revenue when the control is transferred to the customer.</p> <p>The terms set out in the Company's sales contracts relating to goods acceptance by customers are varied. Accordingly, the terms and conditions of sales contracts may affect the timing of recognition of sales to customers as each sales contract could have different terms relating to customer acceptance of the goods sold.</p> <p>We identified the recognition of revenue as a key audit matter because revenue is one of the key performance indicators of the Company and is, therefore, subject to an inherent risk of misstatement to meet targets or expectations and because errors in the recognition of revenue could have a material impact on the Company</p>	<p>Our audit procedures in respect of this area include but are not limited to:</p> <ul style="list-style-type: none"> assessed the design and operating effectiveness of the Company's controls around revenue recognition and measurement. assessed the appropriateness of the Company's identification of performance obligations in its contracts with customers, its determination of transaction price, including allocation thereof to performance obligations and accounting policies for revenue recognition in accordance with the accounting principles laid down in Ind AS 115; assessed the revenue recognized with substantive analytical procedures including review of price, quantity and product mix variances and analysis of discounts at the customer level. scrutinized sales ledgers to verify the accuracy and completeness of sales transactions. on a sample basis, tested the revenue recognised including testing of cut off assertion as at the year-end; circularized balance confirmations to a selected sample of customers and evaluated the responses; Assessed the disclosures made by the Company. <p>Based on the above audit procedures performed, we did not come across any significant exceptions with regard to revenue recognition.</p>

Information other than the Standalone Financial Statements and Auditor's Report thereon (hereinafter referred as "other information")

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance opinion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, the Company's Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to the going concerned and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to

issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has an adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to our auditor's report date. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in the aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work, and (ii) evaluating the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

During the previous year, the precision tool business of Forbes & Company Limited was transferred to and vested in the company from the appointed date of April 1, 2023 and the same transfer took effect from March 1, 2024. The statements include the comparative year ended March 31, 2024, and have been given the effect of the order of the scheme of arrangements as mentioned in note 39 to the financial statements.

Our opinion is not modified in respect of this other matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government in terms of Section 143 (11) of the Act, we give in "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act and based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows statement dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.

- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements; and
- g) With respect to the other matters to be included in the auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, we report that in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197(16) of the Act. The remuneration paid to the director by the company is not in excess of the limit laid down under Section 197(16) of the Act, where request approval is taken in the general meeting. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us;
- h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as of March 31, 2025, on its financial position in its Standalone Financial Statements - Refer notes 34 (a) to the Standalone Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts that were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded

Annexure B to the independent auditor's report on the standalone financial statements of FORBES PRECISION TOOLS AND MACHINE PARTS LIMITED for the year ended March 31, 2025.

(Referred to in paragraph 2 (f) under the heading, "Report on other legal and regulatory requirements" of our report on even date)

Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of **Forbes Precision Tools and Machine Parts Limited** (hereinafter referred to as "the Company") as of March 31, 2025, in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the guidance note and the Standards on Auditing issued by ICAI and deemed to be prescribed Under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

A Company's internal financial control with Reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with Reference to Financial Statements includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2025, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025

1. GENERAL INFORMATION

Forbes Precision Tools And Machine Parts Limited was incorporated on August 30, 2022 in India having registered office at Forbes Building, Charanjit Rai Marg, Fort, Mumbai-400001. Its parent company is Shapoorji Pallonji & Company Private Limited. The Company is mainly engaged in the business of manufacturing, trading & servicing of engineering and related products and Machine & Machine parts.

2A. MATERIAL ACCOUNTING POLICIES

i) Statement of Compliance with Ind AS

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of Companies Act, 2013 ('the Act') read together with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

ii) Basis of Preparation and Presentation

The financial statements have been prepared on the historical cost basis except for the following;

- Certain financial assets and liabilities (including derivative instruments) is measured at fair value;
- defined benefit plans - plan asset measured at fair value

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

For financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products/activities of the Company and the normal

time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for engineering business for the purpose of classification of its assets and liabilities as current and non current.

These financial statements are presented in Indian Rupees which is the Company's functional currency. All amounts are rounded off to the nearest lakhs (including two decimals), unless otherwise stated. The accounting policies adopted in the preparation of the financial statements are consistent with those of the previous year.

iii) Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition, less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price (excluding refundable taxes), borrowing costs if capitalization criteria are met and includes directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price. Freehold land is not depreciated.

Subsequent expenditures related to an item of property, plant and equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Company and cost can be reliably measured. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Losses arising from the retirement of, and gains or losses arising from disposal of property, plant and equipment are recognised in the Statement of Profit and Loss.

Depreciation on property, plant and equipment has been provided on straight line method as per the useful lives estimated by management. The life of the assets has been assessed based on technical evaluation which are higher than those specified by Schedule II to the Act, taking into account the nature of the assets, the estimated usage of the assets, the operating conditions of the assets, past history of replacement, anticipated technological changes, etc.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Gains and losses on disposals are determined by comparing proceeds on sale with carrying amount. These are included in Statement of Profit and Loss within other gains / losses.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

The estimated useful lives of the property, plant and equipment are as under:

Sr. No.	Class of assets	Estimated useful life
a	Building - Factory & Office Buildings	10 - 60 years
b	Plant and Equipment	03 - 20 years
c	Furniture and Fixtures	03 -10 years
d	Vehicles	04 years
e	Office equipment	
	- Owned	02-05 years
	- Leased	Lower of lease term and useful life as stated above
f	Data processing equipments:-	
	- Owned	03-06 years
	- Leased	Lower of lease term and useful life as stated above
g	Computer/Machine Software	03-05 years
h	Buildings on leasehold land	Lower of the useful life in the range of 10 - 60 years and the lease term except in certain building useful life is based on technical certification.
i	Temporary structures (included in building)	03 years
j	Solar Power Plant	25 years
k	Dies & Moulds (for Amortization purpose)	Dies and moulds are amortized over their estimated economic life determined on the basis of their usage.

Fixed assets individually costing INR 5,000 and less are depreciated fully in the year of purchase.

iv) Capital work-in-progress

Projects under which tangible fixed assets are not yet ready for their use are carried at cost, comprising direct cost, related incidental expenses and attributable interest, if any.

v) Intangible Assets

Intangible assets, being computer software, are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. The cost comprises acquisition and implementation cost of software for internal use (including software coding, installation, testing and certain data conversion).

Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the disposal proceeds and the carrying amount of the asset and are recognised as income or expense in the Statement of Profit and Loss.

Research costs are charged to the Statement of Profit and Loss as they are incurred.

vi) Impairment of Assets

The Company assesses at end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the Company

estimates the recoverable amount of the asset. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount (cash generating unit). The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the lower of recoverable amount and the carrying amount that would have been determined had no impairment loss been recognised. Non financial asset other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating unit).

vii) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value except trade receivable which is measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition,. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss. “

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification:

Debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts (including all fees and amounts that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in the Statement of Profit and Loss and is included in the “Other income” line item.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognised in the Statement of Profit and Loss. The net gain or loss recognised in the Statement of Profit and Loss incorporates any dividend or interest earned on the financial asset. Dividend on financial assets at FVTPL is recognised when the Company’s right to receive the dividends is established, it is probable that the

economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, loan commitments, trade receivables, financial guarantees not designated as FVTPL and fair value through other comprehensive income and other contractual rights to receive cash or other financial asset.

For trade receivables or any contractual right to receive cash or another financial asset that result from revenue transactions, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss (“ECL”) allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109 Financial Instruments. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

Derecognition of financial assets

A financial asset is derecognised only when

- The contractual rights to the cash flows from the financial asset expire, or
- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

- The company has no obligation to pay amounts to the eventual recipients unless it collects equivalent amounts from the original asset. Short-term advances by the company with the right of full recovery of the amount lent plus accrued interest at market rates do not violate this condition.
- The company is prohibited by the terms of the transfer contract from selling or pledging the original asset other than as security to the eventual recipients for the obligation to pay them cash flows.
- The company has an obligation to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents (as defined in Ind AS 7 Statement of Cash Flows) during the short settlement period from the collection date to the date of required remittance to the eventual recipients, and interest earned on such investments is passed to the eventual recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period. For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in the Statement of Profit and Loss.

Financial liabilities and equity instruments**Classification as debt or equity**

Debt and equity instruments issued by a Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a group entity are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or

at FVTPL. Borrowings are initially recognised at fair value, net of transaction costs incurred.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. A substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid including any non-cash assets transferred or liabilities assumed, and payable is recognised in the Statement of Profit and Loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the original or modified terms of a debt instrument, financial guarantee contracts are recognised initially as a financial liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amount amortisation where appropriate.

The Fair value of financial guarantees is determined based on the present value of the difference in cash flows between the contractual payments required under the debt instrument and the payments that would

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligation.

viii) Inventories

Inventories are valued at the lower of the acquisition / production cost and net realisable value. Costs of inventories are determined on weighted average basis. Raw materials and stores, work in progress, traded and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials, consumables spares and traded goods comprises cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

ix) Earnings per share

Basic Earnings per share are calculated by dividing the net profit / (loss) after tax for the year attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

x) Employee Benefits

a) Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the undiscounted amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the Balance Sheet.

b) Other long-term employee benefits

The liabilities for earned leave are not expected to be settled wholly within 12 months after

the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

The obligations are presented as current liabilities in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post-employment obligations

The Company operates the following post-employment schemes:

- Defined Contribution plans such as employee state insurance scheme.
- Defined Benefit plans such as gratuity.

Defined Contribution Plans

The Company's contribution to pension and employee state insurance scheme are considered as defined contribution plans, as the Company does not carry any further obligations apart from the contributions made on a monthly basis and are charged as an expense based on the amount of contribution required to be made.

The Company's liability towards gratuity, which is a defined benefit plan, is determined on the basis of valuations, as at Balance Sheet date, carried out by an independent actuary using Projected Unit Credit Method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Statement of Changes in Equity and in the Balance Sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident fund, in which both the employees and the Company make monthly contributions at a specified percentage as applicable of the employees' eligible salary. The contributions are made to the Employees provident fund department.

- d) A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

xi) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Onerous Contracts

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract.

Contingent liability is disclosed for (i) Possible

obligations that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or (ii) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made, unless the possibility of outflows of resources embodying economic benefits are remote.

xii) Revenue recognition

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:-

- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

1 Sale of goods:

Further recognition is done when the amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the entity.

The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

At contract inception, since for most of the contracts it is expected that the period between the transfer of the promised goods or services to a customer and payment for these goods or services by the customer will be one year or less, practical expedient in IND AS 115 have been applied and accordingly:

- a) The Company does not adjust the promised amount of consideration for the effects of a significant financing component

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

b) The Company recognises the incremental costs of obtaining a contract as an expense when incurred

c) No information on remaining performance obligations as of the year end that have an expected original term of one year or less was reported.

A contract liability is the Company's obligation to transfer goods or services to a customer, for which the Company has already received consideration from customers.

2 Sale of Services:

Income from other services is recognised as and when the services are performed as per the terms of agreement with the respective parties.

3 Interest and Dividend Income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the amortised cost and at the effective interest rate applicable.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

4 Export Incentives:

Income from export incentives is recognised on accrual basis to the extent the ultimate realisation is reasonably certain.

xiii) Foreign currency transactions and balances

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency viz. Indian Rupee are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date.

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise.

Non-monetary items that are measured in terms of historical costs in a foreign currency are not retranslated.

xiv) Lease accounting

As a lessee:

Leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non lease components. The Company allocates the consideration in the contracts to the lease and non-lease components based on their relative standalone prices. However, the Company has elected not to separate lease and non-lease components and instead account for these as a single lease components.

Assets and liabilities arising from a lease are initially measured on present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in substances fixed payments), less any lease incentive receivable
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- any residual value guarantees provided to the lessor by the lessee, a party related to the lessee or a third party unrelated to the lessor that is financially capable of discharging the obligations under the guarantee;
- the exercise price of the purchase option if the Company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option

Lease payments to be made under reasonably certain extension option are also included in the measurement of the liability. The lease payments are discounted using the lessee's incremental borrowing rate, being the rate that lessee would have to pay to borrow the fund necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar term, security and conditions.

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third party financing received by the lessee as a starting point, adjusted to reflects changes in financing condition since third party financing received
- use a build-up approach that starts with the risk-free interest rate adjusted for credit risk for leases, which does not have recent third party financing, and

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

- make adjustments specific to the leases, e.g. term, security, currency etc.

The Company is exposed to potential future increases in variable lease payments based on index or rate, which are not included in the lease liability until they take effect. When adjustment to lease payments based on index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated between principal and finance cost. Finance cost is charged to Statement of Profit and Loss over the lease period so as to produce a constant periodical rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- the amount of initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight line basis. If the Company is reasonably certain to exercise purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognized on a straight-line basis in the Statement of Profit and Loss. Short term leases are leases with a lease term of 12 months or less.

As a lessor:

Lease income from operating leases where the Company is a lessor is recognized in income on a straight line basis over the lease term. Initial direct costs incurred in obtaining an operating leases are added to the carrying amount of the underlying asset and recognized as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature. The Company did not need to make any adjustments to the accounting for assets held as a lessor as a result of adopting the new leasing standard.

xv) Taxes on Income

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax are recognised in the Statment of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. The Company recognises Minimum Alternate Tax credit under the Income Tax Act, 1961 as an asset only when and to the extent there is convincing evidence that the Company will be liable to pay normal income tax during the specified period.

xvi) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets, which are assets that necessarily takes a substantial period of time to get ready for its intended use or sale, are added to the cost of those assets; until such time as the assets are substantially ready for their intended use or sale.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

xvii) Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenue and incur expenses, whose operating results are regularly reviewed by the Company's chief operating decision maker in order to effectively allocate the Company's resources and assess performance.

xviii) Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

xix) Cash and cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the Balance Sheet.

xx) Dividend

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

xxi) Exceptional Items

Exceptional items reflect items which individually or, if of a similar type, in aggregate, are disclosed separately due to their size or incidence in order to obtain clear and consistent presentation of the Company's performance.

2B. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the material accounting policies, which are described in note 2, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(a) Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations that the directors have made in the process of applying the accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

(b) Key sources of estimation uncertainty

i) Contingent Liabilities and Provisions :

Contingent Liabilities and Provisions are liabilities of uncertain timing or amount and therefore in making a reliable estimate of the quantum and timing of liabilities judgement is applied and re-evaluated at each reporting date.

ii) Useful life and residual value of Property, Plant and Equipment :

As described in Note 2A(iii), the Company reviews the estimated useful life and residual values of property, plant and equipment at each reporting date.

iii) Impairment

Determining whether an asset is impaired requires as estimation of fair value/value in use. Such valuation requires the Company to estimate the future cash flows expected to arise from the cash-generating unit and a suitable discount rate in order to calculate present value. Where the actual future cash flows are

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

less than expected, a material impairment loss may arise.

iv) Impairment of Trade Receivables

The impairment provisions for trade receivables are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

v) Impairment/ Obsolescence of Inventory

The impairment/obsolescence provisions of inventory are based on assumptions of its consumption/usage in near future whether short term or long term. The Company uses its judgement in making these assumptions and selecting the inputs based on the past historical data, present and future market condition estimated at the end of each reporting period.

vi) Defined Benefit Obligations

The present value of defined benefit obligations is determined by discounting the estimated future cash outflows by reference to market yields at the end of reporting period that have terms approximating to the terms of the related obligation.

vii) Deferred Tax Asset

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. The Company recognises Minimum Alternate Tax credit under the Income Tax Act, 1961 as an asset only when and to the extent there is convincing evidence that the Company will be liable to pay normal income tax during the specified period.

2C. ADOPTION OF NEW AND AMENDED INDIAN ACCOUNTING STANDARDS**i) New amendments issued but not effective**

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS - 117 Insurance Contracts and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable w.e.f. April 1, 2024. The company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

31. Employee Benefits :**Brief description of the Plans:**

The Company has various schemes for long term employees benefits such as Provident Fund, Gratuity, Employees State Insurance Fund (ESIC) and Employees' Pension Scheme and Compensated absences. The Company's defined contribution plans are Employees State Insurance Fund, Provident Fund, and Employees' Pension Scheme (under the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952). The Company has no further obligation beyond making the contributions to such plans. The Company's defined benefit plans include Gratuity.

Gratuity

The Company provides for gratuity payable to employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service.

The gratuity plan is a funded plan. The company having a plan to retain gratuity fund separately in future. The Company accounts for gratuity benefits payable in future based on an independent external actuarial valuation carried out at the end of the year using the Projected Unit Credit method.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations, with the objective that assets of the gratuity / provident fund obligations match the benefit payments as they fall due.

Provident Fund

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident fund, in which both the employees and the Company make monthly contributions at a specified percentage as applicable of the employees' eligible salary. The contributions are made to the Employees provident fund department.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

K. Sensitivity Analysis

₹ in Lakhs

	As at March 31, 2025	As at March 31, 2024
	Gratuity	
Impact of +1% Change in Rate of Discounting	(14.59)	(12.83)
Impact of -1% Change in Rate of Discounting	15.69	13.80
Impact of +1% Change in Rate of Salary Increase	15.85	14.02
Impact of -1% Change in Rate of Salary Increase	(15.00)	(13.27)
Impact of +1% Change in Rate of Employee Turnover	0.17	0.62
Impact of -1% Change in Rate of Employee Turnover	(0.26)	(0.73)

The above sensitivity analysis are based on change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

L. The liability for Compensated is net of fund balance at year end is ₹ Nil (*Previous year ₹ 178.80 Lakhs*) (Refer Note 15).

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The Company makes provision for compensated absences based on an actuarial valuation carried out at the end of the year using the Projected Unit Credit method. Leave obligations not expected to be settled in the next 12 months is ₹ Nil (*Previous year ₹ 123.83 Lakhs*).

During the year, Pursuant to scheme of arrangement the old lease agreements terminated and new agreements are entered into consequently. the difference between the carrying amounts of the right-of-use asset and the lease liability recorded in the statement of profit or loss as a gain or loss and such gain shown under other income.

(iv) Critical judgements in determining the lease term

In determining the lease term, management considers all facts and circumstances that creates an economic incentive to exercise an extension option, or not to exercise a termination option. Extension option (or period after termination option) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated). The majority of extension and termination options held are exercisable only by the Company and not by the respective lessor.

For the leases of offices premises, the following factors are normally the most relevant:

1. If there is significant penalties to terminate (or not extend), the Company is typically reasonably certain to extend (or not terminate).
2. If any leasehold improvements are expected to have a significant remaining value, the Company is typically reasonably certain to extend (or not terminate)

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

3. Otherwise, the Company considers the other factors including historical lease duration and the costs and business disruption required to replace the leased asset.

The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise it. The assessment of reasonably certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within control of lessee.

33. Financial Instruments

33.1 Capital Management

The Company manages its capital to ensure that it will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the Company consists of total equity of the Company.

The Company determines the amount of capital required on the basis of annual as well as long term operating plans and other strategic investment plans. The funding requirements are met through non convertible debt securities or other long-term /short-term borrowings. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

The capital components of the Company are as given below:

₹ in Lakhs

Particular	As at March 31, 2025	As at March 31, 2024

The figures indicated in the column are not comparable and do not offer a correct representation of the variances as the figures for 31-03-2023 were with no operation and hence either zero or minimal.

33.3 Market Risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates.

33.4 Price risks

The Company is mainly exposed to the price risk due to its investment in mutual funds. In order to manage its price risk arising from investment in mutual funds, the Company diversifies its portfolio based on past performance. The impact of price risk with respect to investment in mutual fund is insignificant.

33.5 Credit risk management**Trade receivables**

Trade receivables are generally unsecured and are derived from revenue earned from customers. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix and forward-looking information and an assessment of the credit risk over the expected life of the financial asset to compute the expected credit loss allowance for trade receivables. Historical experience of collecting receivables of the Company is supported by low level of past default and hence the credit risk is perceived to be low.

Other Financial assets

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are mutual funds and banks with high credit-ratings assigned by credit-rating agencies.

33.6 Liquidity Risk

Liquidity Risk refers to insufficiency of funds to meet the financial obligations. Liquidity Risk Management implies maintenance of sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit lines to meet obligations when due.

The Company manages liquidity risk by banking facilities and by continuously monitoring forecast and actual cash flows, and by assessing the maturity profiles of financial assets and liabilities. The below table sets out details of additional undrawn facilities that the Company has at its disposal to further reduce liquidity risk.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the earliest date on which the Company can be required to pay. The tables include both principal and interest cash flows.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)**33.8 Derivatives Instruments and unhedged Foreign Currency (FC) exposure**

The Company is exposed to Currency Risk arising from its trade exposures and capital/Loan receipt/payments denominated, in other than the Functional Currency. The Company has a Foreign Exchange Risk Management policy within which the treasury has to perform and also lays down the checks and controls to ensure the continuing success of the treasury function. The Company has defined strategies for addressing the risks for each category of exposures (e.g. for exports, for imports, for loans, etc.). The centralised treasury function aggregates the foreign exchange exposure and takes prudent measures to hedge the exposure based on prevalent macro-economic conditions.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2025 (Contd.)

38. Segment reporting: The Ind AS 108, 'Operating segments,' notified pursuant to Companies (Accounting Standards) Rules, 2015, requires management to determine the reportable segments for disclosure in financial statements based on internal reporting reviewed by the Chief Operating Decision Maker (CODM) to assess performance and allocate resources. The company manufactures precision cutting tools and related components. Based on management analysis, the company has only one operating segment, so no separate segment report is provided. The principal geographical area in which the company operates is India.

39. Scheme of Arrangement

The Board of Directors of Forbes Precision Tools and Machine Parts Limited ("FPTL" or the "Resulting Company") and Forbes & Company Limited (FCL or the "Demerged Company") in their respective meetings held on 26th September 2022, approved the Scheme of Arrangement ("Scheme") between FCL and FPTL, as well as their respective shareholders, in accordance with Sections 230 to 232 of the Companies Act, 2013, and other applicable provisions and rules. This Scheme entails the demerger of the "Precision Tools business" from FCL into FPTL, with an appointed date of 1st April 2023.

The Honorable National Company Law Tribunal ("NCLT") of the Mumbai bench approved the scheme via Order No. C.P.(CAA)/303/MB-V/2023 dated 9th February 2024. The certified true copy of the order was received on 22nd February 2024 and filed with the Registrar of the Company on 1st March 2024. The Scheme became effective / operative from the effective date of March 1, 2024, with this, the Precision Tools business of FCL being transferred to and vested in FPTL with effect from the appointed date i.e., April 1, 2023.

Upon the coming into effect of the Scheme, the existing share capital of FPTL, amounting to ₹5.00 lakhs divided into 50,000 shares of ₹10 each, fully paid up, held by the shareholders of the Demerged Company, prior to the Scheme becoming effective, shall stand cancelled without any further application, act, instrument, or deed, as an integral part of this Scheme, with adjustments done through Capital reserve of the Company. As per the Scheme of Arrangement, the Resulting company has issued four fully paid-up equity shares of ₹ 10/- each for every one fully paid-up equity share of ₹ 10/- each held by the equity shareholders of the Demerged Company (FCL) as of the Record Date, which was 7th March 2024. The shareholders of FCL are entitled to receive 4 shares of FPTL against each share held by them. Accordingly, the paid-up capital of FPTL is determined as 5,15,94,464 shares of ₹ 10 each, having a total value of ₹ 5,159.45 Lakhs. The record date for allotment was fixed as 7th March 2024, and the issuance and allotment of equity shares took place on 13th March 2024.

As per Para 12 of Appendix C of IND AS 103, the difference between Paid up share capital of FCL ₹ 1289.96 Lakhs and Paid up share capital issued by FPTL amounting to ₹5159.45 Lakhs in terms of scheme of arrangement is considered as negative capital reserve amounting ₹ 3869.59 Lakhs. The pre-merger equity share capital of ₹ 5 lakhs of FPTL is cancelled and adjusted against the capital reserve.

From the appointed date, the precision tools business of FCL, including all its assets and liabilities is transferred and vested to FPTL in accordance with this Scheme. Consequently, the deferred tax liability related to those assets and liabilities will be remeasured and will result in a direct charge of ₹ 234.44 Lakhs to the opening balance of retained earnings of FPTL. Moreover, for the period from April 1, 2023, to March 31, 2024, the incremental deferred tax liability amounting to ₹ 2.33 Lakhs debited to the Profit and Loss account.

The financial statement of the Company reflects the financial position on the basis of consistent accounting policies.
